

Project - In the news

ACT-Right

Aelrid, Chpaman, Thien and Renu

Objective

Understand impact on stock price of a stock "in the news"

- Is there any correlation between the stock price and it being in the news?
- Does any particular media outperform in this respect?
- Are only certain stocks influenced by media?

Model Summary & Key Findings

Data Pre-processing/extraction

Model Training

The background of the slide is a deep blue, starry night sky. A prominent, bright band of the Milky Way galaxy stretches diagonally across the frame, from the lower left towards the upper right. The stars are numerous and vary in brightness, creating a dense, textured appearance. The overall color palette is dominated by dark blues and purples, with the white and light blue of the stars and the galaxy's core providing contrast.
